# A MESSAGE FROM OUR BOARD

## *A Reflection on 2024*

*In 2024, WTCI continued to grow as a community-driven organization, expanding services in direct response to the needs voiced by the Nation. New initiatives in justice and sports have been added to strengthen opportunities for healing, engagement, and youth development, alongside ongoing work in health, education, employment and training, and emergency management*

*WTCI's services are grounded in listening, collaboration, and a shared commitment to the wellbeing of our communities. Every program and initiative is shaped by the realities our people face—and by the solutions we build together.*

*As we look to 2025, WTCI remains focused on deepening relationships, expanding reach, and continuing to deliver services that reflect and respect the priorities of the communities we serve.*

## Our Mission

Foster the growth and success of Wolastoqey communities through capacity building projects, training and workshops, and access to social services

## Our Vision

Empower Wolastoqey communities in New Brunswick through advocacy, equitable access to services, and the preservation of our rich cultural heritage

## Our Approach

Guided by Wolastoqey values, knowledge, and culture, ensuring that all initiatives are community-led, culturally grounded, and responsive to the unique needs of our people

## A Message from our Nihkanatpat

Each year, we take time to pause and reflect on both our challenges and our achievements as an organization. This year, I am reminded that our greatest strength is the ways that we support and lift each other up.

As we celebrate all the ways that we have grown, evolved, and expanded, what gives me the most pride is the people behind this work, including our Chiefs, member communities, and staff.

I am truly humbled to work alongside such a dedicated team who put their whole heart into this work each and every day.

Looking ahead, we remain committed to building capacity by delivering programs and services that are responsive to the needs of Wolastoqiyik. By honouring our connections to one another, we will achieve our vision of a strong and united Nation for the next seven generations.
